Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have worked as an administrator, I did paper work for the company and reception work. Took parents through the requirements of the child to enroll, everything they needed to know and captured the data of the company at Kmaths institute.

I have worked as an assistant manager, the manager wasn't around 70% of the time and I had to fill in. I am very good working with people and as a team leader as well. I easily adjust and very much accept a challenge as I take it as an opportunity to learn and grow in a new field. I have lot of energy and and strength, used to promote new products at aldo and we forever relocated each weekends. A new environment is not a challenge for me as I am a very focused person and get the work done whenever it ma be due.

I would very much appreciate being given an opportunity to contribute in uplifting the company's name.
