Curriculum Vitae (CV)

What job i'm looking for? My positive points

Looking for local code 14 Driver job, I have more than 2 year experience now. worked at Outback feedlot for more than 5 years permanent, started as general worker and worked my way up to a driver, but haven't drove very often, got an offer at other part of the company by Eddie Muller (E Muller Transport) as a long distance driver, working with a flatdeck link with a MAN, am resigning due to personal difficulties as well because I am moving to stilfontein at the end of the month. Tried my best at the long distance, but it's not doing me nor my personal life any good. My father is also a code 14 driver for over 40 years now so YES OFF COURSE I LOVE THE TRUCKING INDUSTRY, long distance is just not for me, am trying to settle down.. Have experience in driving Freightliner ISX500 cummins, MAN, Actros, as well as new model Scania, cattle link, flatdeck and partly side tipper trailers. I am looking forward to start a new chapter, new start at a transport company to try to my fullest potential to crawl again from the bottom and build a good reputation, and obviously to gather more experience, want to see my life going forward for a change, it's time to go out there and get what I'm worth!
