What job i'm looking for? My positive points

Honestly I am looking for my career job which are related to financial accounting since I have that qualification, but I have experience on collections and sales and both on those jobs I can freely say I am the best ,I make sure I give my best all the time cause most if the times they deal with targets and I always make sure that most of the months I hit my target because we we're getting basic plus commission and I had to make sure I hit my target or budget to get commission and for me to do that I had to have position attitude all day and positive mind to make things happen cause I knew that I won't survive if I'm gonna get basic only ,plus call center help me a lot on my computer skills I know how do deal with lots of this
