

Khomotso Ledwaba

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a 34 years old qualified Millwright and currently working as an Underground Electrician at a Mine looking for a Millwright or Electrical position available. I qualified in the year 2010 after completing a 3 years apprenticeship program at an FMCG Company. I can work under pressure, as an individual and in a group. I also worked as a relieving maintenance planner so I have knowledge of SAP and I believe that with my years of experience as an Artisan who worked at an FMCG Company, MOTOR Industry, Mining Plant and Currently underground and my qualifications I am a suitable candidate for any available Millwright or Electrical position. I also have knowledge of Medium voltage. Also willing to relocate.

Preferred occupation Engineers
Engineering jobs

Preferred work location Johannesburg
Gauteng

Contacts and general information about me

Day of birth 1986-05-12 (39 years old)

Gender Female

Residential location Rustenburg
North West
