

# Emmanuel Mahowa

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Good day, my name is Emmanuel Phetole Mahowa. I am hereby applying for any possible IT related job opportunity/Internship. I recently completed BSc (Mathematical Science) In Computer Science and Applied Mathematics at the University of Limpopo and currently registered part-time for BSc honours in Computing with the University of South Africa.

I am a hardworking and full of compassion individual. During the years I spent studying, I managed to acquire enough technical skills that I will gladly appreciate given an opportunity to demonstrate for a big and inspiring institution such as yours. I have a strong knowledge of the HTML, CSS, C#, Bootstrap, JavaScript, PHP, and Android. I have a good understanding of Microsoft.

The years I spent studying, also afforded me an opportunity to acquire soft skills, including time management, working under pressure, working in a team environment, ability to multi-task and good reporting and writing skills. I am keen to learn new skills and grow professionally.

It will be an advantage to work for your institution, given your background, and my great skills which will positively contribute to the further growth of your institution.

I hope and wish my application will be considered and I will be afforded an opportunity to acquire working experience through your internship programme.

Kind regards

E.P. Mahowa
