Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a hard worker, pressure doesn't easily scare me and I love learning new things. I may not have any professional work experience but I have the tenacity of a tigress. I did journalism and media studies from 2018 to 2020 at Damelin Centurion. It was a 3 year course and I passed all my modules so I'm currently waiting on my diploma. One of the modules I did was solely based on communication and it has equipped me with more knowledge on how to communicate with people. I would love to get the opportunity to gain work experience, expand on my communication skills even more and of course, to start earning. My main goal is to have an income so I can start helping out my loved ones, as well as to make my life easier.

Your hobbies I love taking pictures, most landscape pictures. I love nature so that's why I'm always taking pictures outside. I love reading as well. Reading helps calm the mind while teaching me about
