Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a part time job, preferably in the commerce department, as I am a student pursuing a degree in Financial Accountancy at North-West University Vaal-Triangle Campus. I am currently 2 years into my 4-year degree. This job would not only assist me financially but it would also assist me in gaining experience for when I apply for a permanent post for my future career job. I believe an employer should hire me for the following reasons: I am a fast learner. Adapting to a new environment would not be a hassle as I am well accustomed to constant change, not only that but I adapt very well to change. I am a team player, I am a firm believer that team work makes dream work. I have leadership skills. This can be proven by being part of the Prefects of the primary school I attended (Laerskool Noordhoek) in 2014. In high school, I was part of the Representative Council of Learners for 3 consecutive year (Riverside High School) from 2017 to 2019. I am a hard worker and I always strive to achieve the best results. This can be proven by the fact that I was recognised as part of the Top 15% in my field of study by Golden Key International Honour Society based on my 2020 academic results. In high school I consistently maintained my spot in the Top 10 from the beginning, 2015, to the end, 2019.

What is mentioned above is merely an introduction to who I am and what I strive for. I believe I have the qualities to thrive in your company, not only that but there is a prospect for growth, both for me and your company. I am looking forward to grow in your company and more importantly to grow your company and add more value to it. I bring more than my achievements, I look forward to bringing new ideas that will benefit your company.

Your consideration would be highly appreciated.
