What job i'm looking for? My positive points

I'm looking for Maintenance Fitter post. I went to Allende College and trained at Rietspruit MINE from 1998 to 2000 as Maintenance Fitter while it was still under INGWE MINES. Then in the year 2000 I joined the South African Airforce for apprenticeship as a Aircraft Mechanic, which I completed in 2004 and qualified as a Aircraft Mechanic. I left the South African Airforce in 2008 to join the national carrier SOUTH AFRICAN AIRWAYS TECHNICAL as a qualified Aircraft Mechanic. I worked for South African Airways Technical from 2008 to 14 October 2020. I left South African Airways Technical due to Cov19 Pandemic that resulted in poor operation in aviation sector in S.A and around the world. I'm a hard worker, a team player in the work environment and who doesn't mind to learn new jobs and to take different career path.

I hope you will find it in your best interest to give me an opportunity in your work environment.
