Curriculum Vitae (CV)

What job i'm looking for? My positive points

At this stage I am looking for anything with either driving or admin experience.

A person can't be too picky about the job they do now days so anything within those two options is ideal.

I have over twenty years driving and admin experience behind me which was learnt since leaving school in the early 90's. My customer service delivery is also very good as my career started in the banking industry.
