Machine label operator

What you did at this job position?

Prepare dutie for a day depending on which we gonna run on the day. We do changeover if the product on the machine is a different one. Check if the bottles are correct. If they are different i call for mantainance to change the sensors and making sure that the change is done properly. After that i start putting the labels in each and making if the labels are put straight and also not folding. I perform safty and health protocol at all times. I also put rolls in each satation and making that i put new i f they finished untill i reach the number that is required.
