Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm looking for any job with a good environmental working place. A job that will understand will understand that I am still a student, that will pay me a reasonable salary or wage till I finish up my studies and get a proper job. I am a fast learner and a harder worker, I always refuse to be defeated because I believe that I am way more better than being a loser.
