Curriculum Vitae (CV)

What job i'm looking for? My positive points

To whom it may concern

I am a self taught Web Developer from Rustenburg based in Johannesburg. I have vast experience in working with Web Development projects.

I have the following skills to qualify me as a web developer.

HTML

CSS

JavaScript

PHP MySQL

Google Analytics

Google Search Console

Social Media Marketing

Third Party API integrations

Database Management

I may not have a real world experience but I have a entrepreneurial experience whereby I founded my own web development projects. I take 3 to 4 weeks to complete a web portal or Website.

Most Developers make use of WordPress to create websites but me I create websites by coding and writing scripts and I create a well Professional website. I believe I am the relevant candidate for this job.

Yours Sincerely
