Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a young man who works hard and give my best performance for the productivity. I do have skills of working with hands as I studied civil engineering and completed the NCV Level 4, I specialize in plumbing. As a plumber I do not want to see any leak on the work that I did, so I am up for being a worker or even a general worker at the mine, and I also wish to further my studies under mine, to study geology or mining engineering.
