## What job i'm looking for? My positive points

I am a hands on,young female who understands patience through my previous job at a food franchise business.I enjoyed working with people and communicating with customers.I am friendly and easy to talk to,which is why I would love working as a waitress at either a restaurant or hotel.I love writing because it makes me tap into a world of my own imagination.I would definitely do great with being a waitress because of my bubbly personality and the eager to learn new things everyday.I work pretty well under pressure because it keeps me on my toes and as a former cashier I did great.Never called in sick nor missed a single day as a casual cashier.I would highly appreciate it if I were to work under your leadership and join the wining team.
