Curriculum Vitae (CV)

What job i'm looking for? My positive points

I come from Dutywa. A dusty area that made me able to engage with people with respect and love irrespective of their status. I love to engage with people, that is why I have a dream to be a lawyer. Treating people with honor is my daily bread. It is what I have been taught by my uneducated parents, however the discipline I have is like I was taught by people with masters in what they taught me. I never let down a person who trains or teaches me, I represent them till the level of pride increases to an incredible level. Hiring me would be a great advantage to you because I can present your company beyond your satisfaction and it would also be a great advantage to me to acquire new skills in communicating with people.
