Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a job as learner artisan, general worker or artisan assistant. A learner artisan job that am looking for it for boiler making because i have a little bit of knowledge and understanding on how to interpret drawings and designs as I have a clue that boilers makers deals with fabrications, drawing and designing. I am a hard working and able to work under and I am a fast learner as I will be focusing and committed to what I would be given, I am willing to learn and produce a good quality for the company. My academics are as follows I have matric with maths (51%) and physically science(52%)passed, N3 Maths (91%) and engineering science (55%) and I have NCV welding certificate that what I have currently In hand. I am looking for an experience and knowledge and being a qualified in boilermaking engineering field thank u.
