What job i'm looking for? My positive points

I am looking for a teaching assistant post. I am currently in my second year of studying to become a foundation phase educator. My positive point are definitely the fact that I'm energetic, very determined, focused on the holistic development of each and every child, empathetic, a teammate, positive, a problem solver, creative, accountable, reliable, intellectually curious, confident, punctual, focused, computer literate and a good planner. I feel that I am a suitable candidate for this position due to the fact that I am fully aware of what I bring to the table and that I am willing to learn even more things. I am open minded at all times. I believe in structure however, it is also important to be flexible because you never know what might come your way. I will definitely be an asset to the next educator as well as the rest of the staff.
