Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm looking for a safety officer job, because I'm a safety personnel whos been introduced to the safety department by WK construction.

And I'm now working for MLT consulting engineer and I've proved myself, as I've managed to maintain zero harm and zero incident environment, in terms of health and safety I dont compromise.

That's what I've learned from my previous mentors at WK.

If there are less incidents, it means there'll be more time to push production
