

Paul Barratt

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I would like part time mechanical engineering jobs or teaching technical subjects. Contract basis preferred. I would like to work from home but can travel on the West Rand, Gauteng.

I have 50 years experience, mainly with the Howden Group in SA including fan design, system design, flow measurement and fan performance testing. Have experience in energy engineering, composite design and production. Design of cooling fans (up to 10m in diameter).

Recent projects include design and supply of automated test rigs for heavy mining fans and compressor, writing the software for these test rigs (VBA), including report generation and test control. Written software programs for fan selection and performance curve plotting. Strong air flow, fan design background. Air flow measurement and testing. Mechanics and mechanical design. I enjoy VBA script writing.

Am currently tutoring an adult in pre-calculus mathematics. I believe my wide practical experience would make me suitable for teaching technical subjects and school mathematics.

Preferred occupation	Teachers
	Teaching jobs
	Engineers
	Engineering jobs
Preferred work location	West Rand
	Gauteng

Contacts and general information about me

Day of birth	1948-08-30 (77 years old)
Gender	Male

Work experience

Working period **nuo 1973.05 iki 1993.05**
 Company name Howden Group SA
 You were working at: Engineers
 Occupation Mechanical engineer, Combustion Engineer, Engineering Manager
 What you did at this job position? Fan, system and combustor designs

Working period **nuo 2010.06 iki 2017.05**
 Company name Paul Barratt Design Services
 You were working at: Engineers
 Occupation Sole member - Mechanical design
 What you did at this job position? Design of Fans, Test rigs, Energy systems

Working period **nuo 2018.05 iki 2015.06**
 Company name Howden Group SA
 You were working at: Engineers
 Occupation Design specialist
 What you did at this job position? Composite blade design and general fan engineering

Education

Educational period **nuo 1967.07 iki 1970.11**
 Degree Diploma
 Educational institution Johannesburg Technikon
 Educational qualification T4 National Technicians Diploma
 I could work Mechanical design and tutoring

Educational period **nuo 1996.02 iki 1998.11**
 Degree Masters
 Educational institution University of the Witwatersrand
 Educational qualification Mechanical Engineering
 I could work Mechanical design and tutoring
