What job i'm looking for? My positive points

To Whom It May Concern

My name is Nkululeko Thanduxolo Dumalisile and I am currently in my final year of my studies. I am in the process of searching for a job which I feel I am suited for, Fitting and Turning. I came across your advertisement about your Learnership programme, feeling confident that I have the ability to work for this company and since I have the required qualifications for the time, period of the programme.

As an Artisan and a bit of experience, less than a month in Auto Mechanic, I am particularly interested in a career with your company. With it being as successful as it is, I see working for your company as a great opportunity and gaining more experience and knowledge.

I particularly enjoy working with and around the machinery and industrial components, especially engines.

I would appreciate an opportunity to discuss my qualifications with you in an interview. My contact details are in the attached CV, therefore please do not hesitate to contact me.

I look forward in hearing from you.

Yours faithfully
