Curriculum Vitae (CV)

What job i'm looking for? My positive points

My name is Sandile Erasmus Ndlovu and I'm 28 years old. I'm a happy go lucky optimistic person with an ambitious mindset, I'm energetic and quite good at improvisation. I speak three languages, English being the most fluent at, I also speak Zulu and Xhosa. I stay in Bonela near Sherwood which is 15 minutes away from town. Most importantly is that I've been working at contact centers for the past 4 years for different campaigns, inbound and outbound. My accomplishments are what others wouldn't appreciate as accomplishments. For example I'm a critical thinker who's hungry for knowledge, and who can be an asset to any organization and with one of my skills being a good communicator I relate with every single age group and a very extreme hard worker. In terms of my educational accomplishments I studied Information Technology (IT) Management doing a diploma but couldn't afford the fees for my final year and that's when my journey to find a good job started and since then I haven't found one at which I can grow in.
