

Thato Koena

Curriculum Vitae (CV)

What job i'm looking for? My positive points

With plenty of experience working for Engineering Manufacturing Companies, I am a suitably qualified welder with fabrication experience. I take pride in my work and pay a great deal of attention to the safety of myself and of the people around by applying the correct health and safety precautions when operating welding equipment in workshops and manufacturing facilities. I have completed welding and S.A welding school which I believe have provided me with the relevant skills and knowledge required to satisfy your job requirements. I am recognized as a friendly, self-motivated and hardworking individual. Looking to progress further within the industry and hopefully gain new experiences.
