Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am one who always strive to learn new things and as I heard about the information that women can work at the mines, I took it that I should take this advantage on lending my hand in this institute which contributes massively into my countries economy.

I do not have any expiriece in mining but I would like to learn more on any of the under mentioned positions. I have worked as a Financial Advicer and a data capture but I have found it interesting to do some technical work.

I like to explore therefore I am a kind of person who ikes to take challenges and exerise intrapersonal skills.
