Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'd like a job that would offer me the opportunity to dive into the diesel trade or mechanical industry as I'd love to finish my diesel trade theory since I could not finish my qualification due to financial difficulties. I'm very passionate about any kind of engine or just cars in general and I'm a hard worker with a proven track record. I'm a very fast learner and open to constructive criticism. But I also wouldn't mind working in the office as I have customer based experience and very friendly and a warm personality, and i would bring a winners mentality to any team that I join.
