What job i'm looking for? My positive points

Am looking for general work as I don't have experience so being responsible for various manual tasks will help me learn alot of things and skills as am a hard worker and fast learner.Hiring and training me without experience can help motivate me to remain passionate and loyal to your organization.I believe I will be the next generation of the company. Am very ambitious and have potential. Taking a chance to hire me as someone new to the industry will be beneficial to the company as iam more adaptable and I have eager to learn new things,because I know believe when the company is winning am also benefiting.
