Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am an easy-going person. smart and friendly. i am currently studying for a bachelor's degree in arts, where I am majoring in private law and Archives Record Management, this is actually my second year. I consider myself as a very strong woman, dedicated and relentless. I am eager to learn new things and gain new experiences and I am not opposed to change.

five months ago, I was employed for a leadership position, where my duties included training new workers and also be their team leader. this position helped me in challenging myself and also know the aspect I lacked in being a leader. I believe that if you hire me, not only will I do my best, but it will also give you the opportunity to Mold me into your ideal employee.

I will appreciate it if you would consider me for the next available position in the near future.
