Curriculum Vitae (CV)

What job i'm looking for? My positive points

Any job that has to do with sales or hospitality. Communicating with or selling products or any other general work. I have really good communication skills, I listen attentively to customers so that I can identify their needs. I value team work because from that I can learn from other individuals and it also helps one to complete work much quicker and deadlines are met. I know how to find a balance between work and other activities being able to manage my time effectively to make sure that my work does not get impacted negatively. I have informally assisted a business back at home that involved advertising, texturing of clients, selling to clients and communicating with clients. And finally my field of study in hospitality helps me make customers feel welcome in any environment.
