Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm idealistic in nature with desire to help others. My initiative often causes me to be the first to act when I see a need. Since I'm impressionable and receptive I feel the misfortune of others very keenly

I'm looking for a job even if would be cleaning or cooking because are the one that I'm at. I enjoy being creative and also active in an inventive way. I learn through my own experience as I rarely take advice from others

Thank you
