Curriculum Vitae (CV)

What job i'm looking for? My positive points

I chose to work online because I still regarded myself as a student as I'm done with my National diploma in Economics Management Analysis and I'm looking forward to do Advanced diploma in financial management next year.

The good thing is I'm going to have enough spare time to work online and beside that I truly need something that can keep me busy and have extra cash aside to pay for my expenses. I prefer this data entry jobs because so far I saw myself as intermediate skill at Microsoft Excel, Word and PowerPoint. The main reason for this job is that I get excited and enjoy working with the Computer/laptop. It feels like you are doing something that you actually own and you succeed on
