

Jakobo Mokoena

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a recently graduate in BSc, majored in genetics and microbiology and I am looking for laboratory jobs. I've earned a number of valuable practical skills during the course of my degree. Practical skills such as; preparation and identification of nucleic acids, protein isolation and separation by gel filtration, molecular modelling, microscopic investigation, pasteurization and sterilization techniques, microbial cultivation and isolation of microbe. I can also prepare blood smears and also evaluate them.

I am an open-minded person that is willing to learn new skills. I am a team player and a hard worker. I also consider being good with Microsoft Word, Excel, Access and PowerPoint a skill that I possess.
