

Tshepang Steward Mothetsi

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I completed my diploma qualification in civil engineering and I am looking for any possible opportunities under my qualification to enable to be a fully certified technician. I have experince on working on site and collaborating with project stakeholders so it acts as a disadvantage for me to get roles as a technician, I need to have at least 3 years experience and register at as professional a technician. I am an ordinary person with a flexible mindset, optimistic with problem solving and critical thinking skills. I am computer literate with excellence in microsoft word, excel and power-point, also excellent at civil engineering software designs: Prokon, Autocad/Civil3d, Epanet & ProjectLibre.
