I am currently looking for internship/permanent position on ICT, because I have currently finished my Diploma in ICT in business analysis. I have computer literacy skills i.e Microsoft package (Excel, power point, word etc), I am a team player. I have good interpersonal skills, communication skills and analysis skills. I have done a project on data analysis using power BI, I like being challenged and I work best under pressure. On a company that would hire me I'd like to secure a challenging position in a reputable organization to expand my learnings, knowledge and skills. To secure a career opportunity and to fully utilize my training and skills, while making a significant contribution to the success of the company.
