## What job i'm looking for? My positive points

I studied business Management and I have completed N6 in Business Management so I will need an in-service training so that I can be able to have diploma, the other thing I would really appreciate any job related to my course.

Currently I'm working as a general worker on a two years contract at Harmony Nologwa gold plant under a contract Angwane general construction and projects. My duty is to do surface plant cleaning by hosing spillage and loading spillage on conveyer belts.

This would be a great opportunity for me to work at your company and gain an experience with the course that I have studied.
