Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Jobs related to commercial law, reception, any internships/learnerships. During my days as a student I have been accustomed to an environment that best depicted the professional environment and this has trained me to deal with deadlines and how to interact and communicate successfully with my peers and lecturers as well as garnering substantial legal and business skills.

My studies spans across a wide variety of modules across many different disciplines and my academic record has thus warranted me with a Bachelor in Commercial Law qualification.

During the last three years, I have come to understand the most important requirements for a Legal Professional. I believe what sets me apart from others is my strong leadership ability, my client-focused approach to developing appropriate solutions and my constant drive to get the job done.

I am looking for an opportunity to expand my current skillset and experience in the Legal Professoion. I always had a keen interest in the Legal matters and in the operation of the law firms throughout the years.

I believe my current studies in Commercial Law would be most useful in your practice as my knowledge is still fresh and I would like to put into good use as soon as possible.; I am committed to pursue my career in that direction and I am committed to pursuit my LLB in the coming yea
