Curriculum Vitae (CV)

What job i'm looking for? My positive points

I, Martin Mpoyi... Using b.com business management as my lead and foreground, I have hobbies and side hustles that are in different streams and industries. "A millionaire as an average of about 6 different income streams" and by that quote I couldn't limit myself. I am a hard working individual and complete and task given to me. My enthusiasm and charismatic management type helps me execute high profile deals and persuade potential customers. I do music on the side and own a clothing brand, so I am also big on the creative side too and that has helped some businesses in terms of marketing due to my current fan base. I am a people's person and am very punctual even when sick.

I am looking for a job that is looking for me, I lead, I follow, I am confident in who I am and what I bring to the table.

Thank you.
