What job i'm looking for? My positive points

First and foremost i think one needs to be dedicated and responsible to be able to take up any sort of work and I'd say i am. Though not having any job experience but i can guarantee good skills and best decision making. I am a fast learner and a hard worker. And yes i'm also a disciplined being. Most important, i would definitely appreciate the work that i will get as it will add to my experiences and skills as well as my knowledge
