What job i'm looking for? My positive points

Last year I finished my matric year and passed with a diploma. I've been looking for a job ever since. It's been five months now and I still haven't found anything. I've never worked before so it would be my first time, but I can assure u that if I get trained to do a certain job I'll put in all the effort and hard work. I'll work very hard and come in whenever I'm needed, whether it's on a weekend or on a public holiday. I believe u should hire me to do this job as I am a very honest, trustworthy, reliable and hardworking person. I would appreciate it if u get back to me.
