Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have a millwright trade test certificate, N5 electrical engineering , N2 mechanical Engineering and first aid.

am willing to do any kind of job that will help grow or groom me as a newly qualified millwright artisan, jobs such as electrician, fitter, basic welding/grinding, winders, assembler, striper, maintenance assistant.

I am confident that I have the knowledge and skills to professionally fulfill the position as required by the company.

I have great hand-eye coordination and I have the will to learn new jobs/roles quickly.

I did my full four years apprenticeship with one of the leading packaging company globally called Tetra Pak.

And I passed my trade test on first attempt.

I have contactable references and my qualifications meets the job requirements.

I wish to join your company because I believe it is great for my career and within it I can find a home and still be professional.

I know with the not so much experience that I have this will work to your advantage as you guys will guide and train me to your standard, I believe that it won't be hard for me to adapt as I am still new in my career.

i will endeavour to effectively perform all my tasks as required by the company and maintain the standard of the company.

I have relocated twice before and I am still willing to relocate anywhere in south Africa for the benefit of my career.
