Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm looking for a job that will be able to help me get an income so I can help out in home situation since it's only my mother working at home which still doesn't bring enough at home and sometimes things get difficult that even food becomes less at home. I'm willing to take available positions in jobs and learn to understand them as I work so I get to achieve what needed to be done in that job, it's wether a retail or a part-time I'm focused to do great with all potential and reliability. With positive energy in any work is equal to good success and that my goal.
