Curriculum Vitae (CV)

## What job i'm looking for? My positive points

As a junior software developer, I am excited to apply my skills and knowledge to a real-world setting. My

academic background has provided me with a strong foundation in various programming languages and

software development tools, including C++, Python, and Web development tools. My attention to detail

and problem-solving skills enable me to tackle even the most challenging coding tasks with ease. In

addition to my technical abilities, I possess excellent communication and teamwork skills. I am

comfortable collaborating with team members from diverse backgrounds and contributing to a positive

and supportive team environment. I believe that effective communication and teamwork are critical for

success in the software developer industry, and I am committed to leveraging these skills to achieve

common goals.
