Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have 31 years of customer centric experience, in a variety of fields, from technical to retail in several different fields working with diverse staff and clients. I am fully conversant with Word, Excel, Power point, Adobe Photoshop, Lightroom and Premier pro. I am a certified photographic judge via the Photographic Society of South Africa (PSSA). I also have some experience in sound recording and video capture and editing. I am a certified salesman; buyer and manager through Cash Crusaders. I learn and assimilate new software quickly and am not afraid of learning new systems. I have an abiding passion for learning and practicing new skills. I have also been the editor for several newsletters and online publications. The challenge of growing a business and seeing it flourish is extremely rewarding. I believe that hard work and dedication are the cornerstone of any successful business and are often worth more than an academic qualification when it comes to life experience at the coalface of the workforce.
