Curriculum Vitae (CV)

What job i'm looking for? My positive points

My name is Kutloano living in Johannesburg finished my matric 2022 and currently studying Business Administration and im someone who usually volunteers in his spare time and providing help whenever i can and im someone who can work under pressure as i was the school President at my previous school while going to meetings, attending extra classes, helping wherever i can and doing my presidential duties and i can say i liked the challenge. Before i was the school president i was an RCL member for 4 consecutive years while learning all about responsibilities, working under pressure and time management. I once opened my own car wash that became successful for some extra income up until i closed it as i was starting to do my matric year in the field of Mathematics and Sciences and i would like to say i am capable to do anything that is thrown at me.
