Curriculum Vitae (CV)

What job i'm looking for? My positive points

Good day.

I'm interested in a job opening you have listed on Hotel jobs.co.za

I'm currently not working as I am the stay at home parent for my children. And they are in a position now where they do not need my full attention any more, and i am ready to get back to work and the bush.

I studied Game Ranch Management at TUT to help my family on your family owned and operated Game and Mixed Farms with sectional titel. I was the farm manager for 11 years and my job entailed that I maintain relationships with owners and maintain all buildings of owners. I played a key role in development of other property's for farming live stock and crop production. I also owned and operated a mixed farming enterprise in a partnership, on a neighboring farm. My job entailed a wide range of duty's that included management of all workers and payroll. The acquisition of all animals, wild and domestic for breeding and trade and all acquisitions of implements and vehicles for expansion of the operations.

The National Diploma Game Ranch Management was a newly developed course taken from Nature Conservation witch focused on conservation thru utilization. We studied most of the same classes as Nature conservation but focused more on lodge and field management for breeding of game for hunting and trading in the private sector. I completed my study's with a 1 year practical, working in Limpopo for a company that assisted game ranchers with environment impact assessments for permits to breed and trade in wild animals like Roan, Bufalo and Rhino. Basically all wild animals that are to be bred or traded outside of there natural or previous natural area of natural dispersal.

I hope to be considered for such a exciting position and I hope to hear from you soon.
