Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have a passion for working with people, for the past 25 years, I have focused mostly on positions/opportunities that allowed me to either be in client services, call center/marketing, and or administration. My core values are being professional, friendly, honest, and reliable. It has set me aside from the rest. Being an extrovert has given me the ability to motivate myself and reach for the top.

I have never been afraid of a challenge, so even being in a position where I had to reach a target, my mindset is always to be number one. Be motivated, organized, and driven, work with a plan that would result in being sales orientated, and exceed daily targets to ensure month-end targets.
