Curriculum Vitae (CV)

What job i'm looking for? My positive points

The essence of my identity and courage has been bought through labour and learning skillset. I am fully passionate at doing my job looking at time whilst focusing on providing a solution to the problem.

At some point I had to fulfil my passion without counter-interests. As such my experience became broad covering protection services, maintenance, cleaning services, electrical, health and safety, the built environment, and fleet. Ultimately this is my world. Facilities Management particularly technical artisanship has been a greater part of me and the core aspiration.

I have a Code B Drivers License PDP, with 3 years working experience and 2 Years in Building Maintenance including workshop. Generally time conscious, organized, professional, key on emergencies, responsible and proactive.
