Curriculum Vitae (CV)

What job i'm looking for? My positive points

Nursing, because I would love to help injured people and those who are dying.

Forestry, I would love help those who are dying because of fire in the villages and forestries.

Teaching, our children's do not have grade 12 so I would like to encourage them to study and I would teach them what they should know and how to love their books and how's that the key to success because if you haven't studied you won't become that doctor you wanted to be at your early age
