

Angelique Mansour

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am in a unique situation for my age. I have extensive experienced in Software Testing and ITSQB certified but haven't worked in the industry for about 5 years now as I wanted to complete my LLB.

Currently, in fulltime employment as a Candidate Attorney under contract, which expires 8 March 2024. I have written 3 of my Admission exams, passed one so far, await results of 2 in Oct 2023. To write final one March 2024 and hoping to be admitted by June 2024.

For the moment up to March 2024, I am looking to earn extra income on weekends.

I have strong research skills, methodical, analytical and detailed. I am hoping to be involved in projects where these two skills (IT & Law) can be utilized as I would like to combine my skills. I enjoy working on projects as they are a great place to collaborate, learn and also share insight and knowledge.

I would like to learn more about AI and I would love to be involved in IT Security, Compliance GDPR tasks. I am also looking to do locum / consulting work in 2024, such as court appearances for attorney firms who prefer a 3rd party appears on their behalf.

I prefer a mixed working environment (remote & office based combined). I am conscientious and diligent and i plan my day and time so I don't require micromanagement but I do always appreciate having someone I can bounce my ideas off or ask guidance and advice from. I prefer my managers and colleagues to be mentors irrespective of age, one thing I have learnt in my years is that age has nothing to do with whom you learn from. I prefer a calm and emotionally mature environments. I prefer an environment where there is equality, respect and consideration for all. I do not like bullying nor fear created environments.

Preferred occupation

Part time jobs
