Curriculum Vitae (CV)

What job i'm looking for? My positive points

Institute, I understand the importance for informed academic counseling and program planning in a higher education environment. I have also experienced, first-hand the pressure of working with electrical, instrument mechanical parts, working with hand tools and with costumers. My computer skills has always been my aid, Microsoft packages, basic ladder diagram programming and 3D printing (AUTO CAD DESIGN). Prior to my artisanal training during my career as a field agent, I was working at Hollard as a field agent. In this capacity, I particularly enjoyed working in a team. Helping consumers who were seeking help in changing their details on the data base who had problems adjusting to the obligations regarding accounts.

I believe that both my academic I background and skills, my work-related duties and programs qualifies me for consideration for the position. I look forward to discussing how my skills can be of value to the company as I prepares to move into the new millennium. Thank you for your time, consideration, and forthcoming response.
