

Tumelo Thomas Motlhala

Curriculum Vitae (CV)

What job i'm looking for? My positive points

My Strengths and Skills:

I have a strong background in computer science, with expertise in software development, data analysis, and machine learning. My technical skills include proficiency in programming languages such as Python, Java, and C++, as well as experience with database management systems and cloud computing platforms. I am also skilled in data visualization tools such as Tableau and Power BI.

In addition to my technical skills, I possess excellent communication and teamwork skills, which have been demonstrated through my previous work experiences and academic projects. I have a proven track record of working effectively in collaborative environments and communicating complex ideas to both technical and non-technical audiences.

One of my greatest strengths is my ability to learn quickly and adapt to new technologies and situations. This has allowed me to excel in fast-paced and dynamic work environments, where flexibility and adaptability are essential.

Another key strength of mine is my attention to detail and ability to identify and solve problems. I take pride in delivering high-quality work and strive to ensure that all tasks are completed accurately and efficiently.

Overall, my combination of technical expertise, communication skills, and adaptability make me a valuable asset to any organization looking for a dedicated and driven software developer or data analyst.
