Curriculum Vitae (CV)

What job i'm looking for? My positive points

Senior Laboratory Analyst

I know you only seek the best and brightest candidates for this position and I believe i can apply the skills and knowledge I have gained over the years to be the best candidate for this position. I thrive on meeting deadlines and I challenge myself daily to gain more strenght in my field. My objective is always to achieve goals I set for myself to be the best that I can be. I am very structured and organised which makes time-management my first and foremost absolute priority for me.

I would very much like an oppotunity to make use of the skills I have developed and my overall abilities regarding a position as an Analytical chemist. I know that I have the ability it takes to perform the job effectively, and that I am excited about the idea of working for a dynamic, recognized laboratory such as your company.
